

**CISC - ICCA
NATIONAL STEEL
DESIGN AWARDS**

Kananaskis, Alberta

June 12, 2010

cisc  **icca**

CISC-ICCA National Steel Design Awards

The goal of the Awards event is to share and recognize steel design and innovation excellence – promote awareness of the advantages of steel in construction and create networking opportunities for the Canadian Institute of Steel Construction members, partners and clients. Projects are entered in the Architecture, Engineering, and Sustainability awards categories.

Prix d'excellence national CISC-ICCA de la construction en acier

L'objectif de cette attribution de prix est de partager et de reconnaître l'excellence en matière de conception et d'innovation dans le domaine de l'acier. Elle promeut la prise de conscience des avantages de l'acier dans le secteur de la construction et crée des occasions de réseautage pour les membres, partenaires et clients de l'Institut canadien de la construction en acier. Les projets sont entrés dans les catégories de prix Architecture, Ingénierie, et Développement durable.

JURY
